REMAINS OF GEN. LEE TO REST IN VIRGINIA

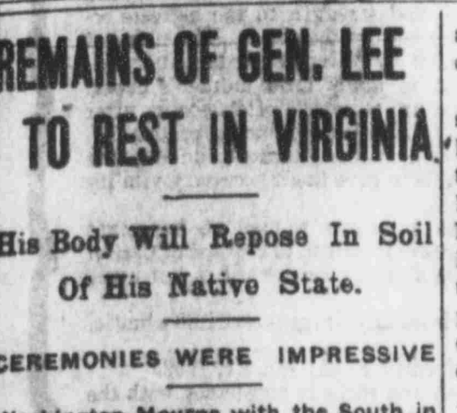
His Body Will Repose In Soil Of His Native State.

CEREMONIES WERE IMPRESSIVE

Washington Mourns with the South in the Death of Her Famous and Distinguished Citizen—Soldiers, Civilians and Officers Pay Tribute.

Washington, May 2.—An affectionate and imposing tribute was paid today to all that was mortal of Brigadier General Fitzhugh Lee, U. S. A., retired. Formal funeral services over the remains were held in Richmond Thursday. It was found necessary to delay them until that time in order that the general's son, Lieutenant George Mason Lee, of the Seventh United States cavalry, who is in San Francisco with his regiment enroute to the Philippines, might be in attendance.

Brief services were held today, however, at the Church of the Epiphany,



GENERAL FITZHUGH LEE.

on G street, many of the personal and official friends embracing the opportunity thus afforded to pay a last tribute of respect to the memory of the distinguished dead.

Prior to the brief services today the remains of General Lee, which had been lying in their casket in the Sunday school chapel of Epiphany church since their arrival from Providence hospital, were conveyed to the auditorium of the church.

Throughout last night and today they were surrounded by a guard of honor, consisting of members of the local camp of confederate veterans. The church services were conducted by the rector of Epiphany church Rev. Randolph H. McKim, D.D., who is chaplain of the Washington camp of Confederate Veterans. He was an officer in General Lee's old command in the civil war and the two were life long friends. The services were very simple, being in acordance with the burial service conducted by the ritual of the Episcopal church. No funeral oration was pronounced.

The church was thronged with the friends and acquaintances of General Lee and his family. Seats wer ereserved for the members of the Lee family and other relatives for specially invited officials and friends, both from Washington and from Virginia. The casket containing the remains were covered with floral offerings which had been received from individuals and organizations with which General Lee was identified. Among them was a handsome wreath sent by the president and Mrs. Roosevelt. While the church services were in progress the military and civic pageant was to escort the remains to the Pennsylvania railroad station for transportation to Richmond was formed on G street near the church under command of Major Edward Burr, of the corps of engineers, United States Army.

A detail of eight non-commissioned officers of the Seventh United States cavalry, acted as body bearers. Colonel John T. Callaghan, commander and the members of the camp of confederate veterans constituted a guard of honor for the remains, while they were being taken to the Pennsylvania station. The military escort consisted of a squadron of the Seventh cavalry, a battery of field artillery and two companies of engineers, U. S. A.

Mrs. Lee was accompanied on the special train to Richmond by Major B. H. Fowle, General Lee's brother, Captain D. M. Lee; Miss Virginia Mason Dorsey, Miss Laura Lee Dorsey, Dr. Robert F. Mason and Mr. and Mrs. Benjamin S. Minor. In addition to these members of the Lee family many prominent army officers, including several who served in General Lee's Seventh army corps, during the Spanish American war, accompanied the funeral party. The train left for Richmond at 1 o'clock.

EXPLOSION KILLS THIRTEEN.

Miners Entombed With Little Hope of Being Rescued.

Wilburton, I. T., May 2.—The most disastrous mine explosion to occur in the Indian Territory since the Savannah incident of 1887, took place at 1:20 o'clock this morning in the Missouri, Kansas and Texas Coal company's mine, No. 19, 4 miles west of here. Thirteen men were entombed with little prospects of their bodies being recovered for several days.

The men went into the shaft at midnight, Foreman William Ray, of the shift that left the mine at that hour states that the mine was in good condition and a gas explosion hardly possible.

His shift left a shot hanging, which the new shift may have fired. It is suggested the force of the explosion which could be heard for miles around, and which tore heavy timbers apart, and piled tons of dirt into the shaft, that a bad had set off some dynamite, which had been stored conveniently near for work in pushing the entries. The shaft is 360 feet deep and it was 300 feet to the place where the men were working.

HAVOC WROUGHT BY STORM.

Sixteen Dead and Fully a Hundred Injured.

Laredo, Tex., May 2.—This city is again beginning to assume its customary appearance, despite the great havoc wrought by the storm of Friday evening last. The large forces of laborers have been busily engaged in clearing away the debris which filled the streets, and it is now possible to drive to any portion of the city.

Communication with Mexico is still cut off, as is also communication to the lower country over the government military line. The worst is now over and it will be but a few days when both will resume its usual course.

While it is estimated that fully 100 persons were injured, it is not expected that any more deaths will result. The number of dead remains at 16 in this city, as at first sent out, and five lives were lost in new Laredo.

Investigate Cause of Wreck.

Greenville, S. C., May 2.—Professor Farnham, of Yale university, and Mrs. Farnham, who were injured in the wreck of the Ogden special are both resting easy in a sanitorium here. It has not been decided when they will be able to travel, but the physicians say not before Tuesday. Electrician Kershey, also injured in the wreck and detained here, is doing well. Assistant General Superintendent H. Baker and Division Superintendent McManus, of the Southern railway, are here and an investigation of the cause of the accident is being held behind locked doors.

Roads Fighting Rate Reduction.

Tallahassee, Fla., May 2.—The Louisville and Nashville, Atlantic Coast Line, Seaboard Air Line and Georgia Southern and Florida railroads have secured an injunction against the Florida railroad commission in the United States court to prevent the commission's reduction of lumber rates from going into effect tomorrow. The injunction papers were filed with clerk of the United States court at Pensacola.

Alleged Murderer Captured.

Covington, Ga., May 2.—Jack Hinr the alleged slayer of Kelsey Cranford, the young Morgan county farmer, who was killed near Broughton on the night of April 15, has been captured near Monticello. He was carried to Madison and placed behind the bars of Morgan county jail to await trial at the next session of the superior court at that county.

STRIKE BREAKERS ARRIVE IN CHICAGO

Men Headed By Farley, the Noted Strike Breaker.

DEATH LIST CONTINUES TO GROW

One Hundred Strike Breakers Go On Strike for More Pay and Their Demand is Granted—Wholesale Grocers' Teams Tied Up.

Chicago, May 2.—Wholesale importation of non-union men from St. Louis and the arrival of "strike-breakers" Farley, from New York, gave a new turn today to the teasters' strike here.

Immediately, on his arrival Farley held a conference with representatives of the employers. Plans for putting him in charge of all "strike breakers" are said to have been decided on. Farley managed the nonunion men in the New York subway strike. Nonunion men in forces said to be almost unprecedented are on their way to Chicago. It was reported a special train bearing 475 men left St. Louis over the Illinois Central road early today. Another train with 500 men was being prepared. The work of mobilizing the men in St. Louis was conducted in secrecy. Half of the men were taken from southern Illinois and Kentucky. Many of them are negroes.

One hundred strike breakers employed by the American Express company at the Pacific, Northern Pacific and the National companies went on strike today to enforce a demand of $5 a day for drivers and $4 a day for conductors and helpers an allowance of fifty cents for luncheon and extra pay for over time. The increase was granted and the men returned to work.

Tumultuous scenes were witnessed today at Jackson boulevard and Franklin street near the headquarters of the employers teaming company, the organization formed to supplant the striking teamsters. John Williams, a negro nonunion driver was sitting on one of the wagons of the employers' company waiting for caravans to be formed. A crowd of several hundred persons had gathered and were jeering Williams and other nonunionists.

Suddenly a bottle thrown from a window in the upper story of a nearby building struck Williams on the head. The negro instantly drew a revolver and fired towards the window from which the bottle was thrown. The action of the negro man angered the crowd and a concerted rush was made towards him. Williams jumped from his wagon and fled down the street. The mob soon caught him and he was being savagely beaten when the police rescued him from the crowd. Williams was arrested and charged with disorderly conluct, and with carrying concealed weapons.

The wholesale grocers and coffee, tea and spice houses were more or less completely tied up today by the spreading of the teamsters' walkout. A strike was called against Charles Mears, a teaming contractor employing thirty drivers and serving a number of wholesale grocers. Thirty-five teamsters employed by Durand and Kasper also went out. Mearz did the teaming for Walsh & Boyle, the Steele, Wedeles company and several other well known houses. The drivers for other grocery firms including Franklin McVeagh and Wilhoit & Co., did not report today.

Death List Continues to Grow.

The death list in the teamsters' strike is increasing. Police Sergeant Richard Cummins who was injured while in charge of a squad guarding a number of wagons in the [illegible] strike-ridden business houses [illegible] today. During one of the many [illegible] growing out of the strike, he was knocked under the feet of horses attached to a carette, and was crushed beneath the vehicle's wheels. The driver of the carette was arrested, and is being held under heavy bonds.

G. A. R. Meets in Louisiana.

New Orleans, May 2.—General Wilson Blackmar, commanding the grand army of the republic and his adjutant, General John E. Gilman, reached here today to be present on the twenty second annual encampment of Louisiana, which will be held this week. General Blackmar said his tour of the south had been a most pleasant one and he found that the relations between the men of the north and of the south who did actual fighting during the war were never warmer. General Blackmar is to be entertained while here.

MAY DAY STRIKES LACKING.

No Lockout or Strikes Occur This Year in New York.

New York, May 2.—May day strikes here have been lacking this year in the building trades, but before the week end 30,000 to 35,000 men may quit work in the various vocations in hope of forcing an increased wage.

About 25,000 members of the Rock Men and Excavators' union, which made demands on the Contractors' Protective association March 20 for a new wage scale and recognition of the union have not received what they consider a satisfactory reply. They are now considering the advisability of ordering a general strike. Hoisters and drillers will stand by them if they quit.

A strike of 1,000 truckmen is expected this week in the downtown warehouse districts. The owhers have carefully prepared to meet the contingency and continue their business.

Garment workers on the east side are preparing for general strikes in July for recognition of the unions and a new wage scale.

NO DEFENSE FOR ACTRESS.

Closing Scenes of Nan Patterson's Trial in New York Court.

New York, May 2.—Nan Patterson will probably know her fate within 48 hours. Today there only remained the closing scenes of the trial to be enacted. That there will be no defense had already been announced befoore the court reconvened today. Her counsel were satisfied that the state had failed signally in its effort to prove that the former show girl murdered Caesar Young, her lover, they said, and were content to stand or fall on evidence that had been submitted.

The defendant agreed fully with her attorneys and expressed the firmest faith that her troubles were rapidly nearing an end.

"I feel that I have spent my last Sunday in the Tombs," she said today while making ready to go to court.

"Tomorrow I will go home."

INSURANCE MAN IN JAIL.

Arrested in London on Complaint of Company's Officials.

London, May 2.—B. Scott, formerly superintendent of agencies of the Washington Life Insurance society and also the company's agent for Oregon and Washington, with headquarters in Portland, is in Ludlow street jail.

He came here from Philadelphia several days ago and was arrested at an uptown hotel, and an order obtained by the company's attorney. Unable to furnish $5,000 bail, the former agent was later locked up. Scott quit the employ of the company last March. Later, it is said, he brought suit in Oregon, claiming that the company owed him many thousand dollars. The company claimed that he owed it $10,000, and started a suit for that sum.

Scott refused to talk about his case.

Bohemian Accused of Murder.

New York, May 2.—Edward Pakerta, a Bohemian, aged 35 years, was arrested here today for the murder of Mrs. Sarah Rosenburg, whose body with the head beaten in was found at her home in East One Hundred and Eleventh street last Saturday. The woman who was 75 years old, has been dead several days. Pakertz formerly boarded with the woman. The police say that he has admitted that he killed Mrs. Rosenburg for the money she had in the house. He believed she had a considerable sum, but he found only $12.

Locomotives For Japan.

Seattle, Wash., May 2.—Carrying a cargo of 4,000 tons of freight and 5 locomotives for Japan in addition to a large passenger list, the steamship Minnesota will clear this port today for the Orient. The locomotives assigned to Yokohama and are to be used on the railroads of Japan and Manchuria. They are of the Japanese standard gauge, 3 feet, 6 inches. Five more will be shipped from Tacoma soon.

THIRTY-ONE KILLED IN WARSAW RUSSIA

Bloodly Conflict Between Soldiers and Workmen.

MANY OTHERS ARE WOUNDED

Procession of Workingmen Carrying Red Flags Was Stopped by Troops and a Fight Ensued—Small Riot at Lodz.

Warsaw, Russian Poland, May 2.—Thirty-one persons were killed and many were wounded in a conflict here this afternoon between troops and workmen at the corner of Zelazena and Jorshiuska streets.

A procession of workmen carrying red flags was stopped by cavalry and infantry. The cavalry charged and the infantry fired a volley with the result already cabled. Fifteen of the wounded were removed to the hospital, but many others were taken to their homes.

Business here is entirely suspended, tram cars or cabs are moving. The authorities have stopped the telephone service.

At 7:06 p. m. another collision between soldiers and workmen is reported to have taken place at the corner of Zlote and Sosnowa street. A military patrol fired on a scrowd and killed or wounded 20 persons.

Glorious Easter Weather in Russia.

St. Petersburg, May 2.—Glorious Easter weather is reported generally throughout European Russia with a bright, warm sunshine in St. Petersburg. Everything was perfectly calm during the early hours, the crowd devoting themselves to feasting and the traditional merrymaking. Here and there children were dancing in the streets and court yards to the accompaniment of the music of accordeons and Russian guitars.

Small Riot at Lodz.

St. Petersburg, 5:15 p. m.—The only disorder in Poland, outside of the shooting at Warsaw, reported up to this hour is a small riot at Lodz where a priest was stoned leading to a scuffle between the crowd and the police, where four men were shot.

DENOUNCE EMPLOYMENT AGENTS

Negroes from South Are Easy Victims for These Agencies.

New York, May 2.—At a mass meeting in the cause of the negro held here yesterday there was an address by Professor H. F. Arnott, financial secretary of Wilberforce university and the Rev. R. D. Stinson, commissioner of Morris Brown college, Atlanta, Ga.

Some of the local speakers denounced the methods of employment agencies here. They asserted that of the 25 concerns engaged in importing female negro servants from the south very few were conducted honestly. If the negro women had any money it was declared they were compelled to turn it over to the agencies and when they secured positions here were forced under a written agreement to turn over their earnings for two months in addition to paying their fare from the south.

Tunnel Through Lookout.

Chattanooga, Tenn., May 2.—Work on the construction of the big tunnel through Lookout mountain will be started this morning. W. J. Oliver & Co., the contractors, who secured the work, have a large outfit on the ground and are ready to complete the work within 18 months. The tunnel will be 3,560 feet long and will be constructed according to the most practical methods known in the engineering world.

Yellow Fever Kills Architect.

New York, May 2.—A dispatch received here from Panama announced the death there from Yellow fever of Chief Architect Johnson, attached to the canal staff. He was formerly employed as architect by the Illinois Central railroad. His work included the design of the new buildings needed along the canal and the repairs for the old buildings. Johnson, who was a native of Kentucky, had been in the Isthmus region since last July.

BUSY DAY IN THE SENATE AND HOUSE

Many Local Measures Disposd of by the Law Makers.

TEMPERANCE COMMITTEE BUSY

To Regulate Requirements of Students Entering State Schools—State Game and Fish Matters—To Provide for Compensation of Justices of Peace.

Tallahassee, May 2.—The Senate convened at 4 p. m. yesterday and the following bills introduced:

Senator Trammell—To prohibit certain educational institutions from maintaining preparatory, sub-collegiate, sub-freshman and academic departments, regulating the course of study, etc.

Senator Massey—To authorize the city of Orlando to enact an ordinance for the control of a cemetery outside of the corporate limits of said city. Also a bill to allow the city of Orlando to allow rebate on taxes paid in a certain time.

Senator Hudson—To amend laws relative to registration of certain warrants, also a bill to enforce labor contracts and providing for a penalty for uninterested parties to interfere with existing contracts; also a bill making it unlawful for live stock to run at large in the town of Melbourne; also a bill to prohibit cattle, hogs, etc., to run at large in certain parts of Brevard county.

Senator Lee—To establish a plan where the blind can obtain work to further regulate the school for the deaf and blind.

Senator Harris, chairman of the judiciary committee, to whom was referred the Wailes claim bill, offered a resolution authorizing the committee to take testimony, employ stenographers and to send for persons and papers. The resolution was adopted.

Senator Jackson of the committee to visit and investigate the State hospital for the insane asked for further time in which to make report, as data was not yet complete.

The consideration of bills on second reading was taken up.

Senator Stockton's bill, requiring county commissioners to publish a budget and to make contracts under prescribed conditions and prescribing penalties, created some discussion, was further amended and placed on calendar of bills on third reading.

Senator Crane's bill to suppress opium joints was read and placed on the calendar of bills on third reading without reference to the engrossing committee. The same action was taken on the Senator's bill to prescribe fees of sheriffs in lunacy proceedings. His bill amending the act creating the Hillsboro County Criminal Court was, by consent, read second time by title, then read third time and passed, 23 to 0.

Senator Neel withdrew his bill relating to intermarriage of races.

Senator Zim's bill authorizing county commissioners to publish monthly detailed financial statements was discussed by Messrs. McCreary, Zim, Humphries and Faulkner, and was indefinitely postponed.

The motion of Senator Lee to indefinitely postpone the Bailey bill providing pension for Joseph Gilmer brought out an eloquent plea from the Senator from the Twenty-second. The bill was indefinitely postponed, eleven to ten.

Committee on temperance reported a substitute for the Faulkner bill providing for punishment of persons who buy liquors from illicit venders unless they disclose who such illicit venders are. The substitute perfects the bill in some important particulars and was accepted by Senator Faulkner. Two hudared copies were ordered printed and the bill made a special order for Thursday at 10:30 a. m.

Just prior to adjournment Senator Humphries introduced a bill providing for the establishment of road and bridge sub-districts in Manatee county.

The Senate adjourned at 6 p. m. to 10 a. m. tomorrow.

In the House.

Tallahassee, May 2.—Shortly after the opening of the House yesterday, Mr. Persons of Columbia gave notice that he would on Tuesday move to reconsider the vote by which the bill was passed in the House Saturday.

A resolution was offered by Mr. Knight of Citrus, asking that all State officials furnish a statement of all clerks and help employed in the various departments, stating what salaries they receive in order that the members could vote intelligently upon the bill making appropriations for the expenses of the government. The resolution was adopted.

New bills were introduced as follows:

Mr. Knight—To exempt dentists from jury duty.

Mr. Gilchrist—For relief of Isaac Smith and others.

Mr. Wells—Act to empower school districts to establish kindergartens; to provide who shall fill the office of governor in case of vacancy.

Mr. Stephens—To provide permanent site for camp for State troops.

Mr. Crawford—To provide $1,000 for Soldiers' Home at Jacksonville.

Mr. Watson—To regulate requirements of students entering State institutions; and to mend statute relating to assessment of taxes in town of Kissimmee.

Mr. Taylor—To protect fruit trees from injurious insects and to establish a board of horticultural commissioners.

Speaker Gilchrist announced that a joint meeting of both houses would be held in the hall of the House of Representatives at 10:30 a. m. Tuesday to receive the Confederate battle flags. An invitation was extended to all members to be present and participate in the exercises.

A message was received from the Senate to the effect that the Senate had passed Mr. Wartmann's automobile bill.

Bills on third reading:

Mr. Stephens' bill to amend Section 2, Chapter 5014, of Florida laws, to regulate holding of primary elections, to nominate delegates to conventions, was passed without a dissenting vote.

A motion to take up Senate bill No. 11 for consideration was objected and objection sustained by the chair. Mr. Persons gave notice that on Tuesday he would move to reconsider the vote on the bill.

Mr. Wells' bill providing for the compensating of justices of the peace and county judges of the State of Florida when engaged in any trial before them was passed by a vote of 39 to 9.

Mr. Bryant's poll tax bill was indefinitely postponed.

Mr. Jewell's bill relating to the appointment of a State fish and game warden and deputies was read. Mr. Jewell asked that the bill be printed and set for special order for Saturday. His motion being lost Mr. Jewell moved for the bill to be recommitted, which was passed.

Mr. Bryan's bill to amend Section 8 of Chapter No. 4537 of the Laws of Florida, approved January 7, 1897, entitled "An act to amend sections of an act to provide for the registration of all legally qualified voters in the several counties of the State and to provide for general and special elections, and for the returns of elections, approved May 25, 1895, was read.

A motion to indefinitely postpone was lost, and it was set for the third reading.

General Jewell announced the selection of the following committee of Confederate Veterans to bring the battle flags into the hall of the House of Representatives at 10 o'clock Tuesday: Messrs. Lee, Alford, Sams, Crawford, Blanton, Rosborough, Williams and Kilgore.

Mr. Carlton of Nassau introduced a bill for the relief of Nassau county.

The House then adjourned until Tuesday at 4 p. m.

A CREAMY FOOD

Scott's Emulsion is cod liver oil prepared as a food—not a food like bread or meat, but more like cream; in fact, it is the cream of cod liver oil. At the same time it is a blood-maker, a nerve tonic and a flesh-builder. But principally it is food for tired and weak digestions, for all who are fat-starved and thin. It is pleasant to take; children like it and ask for more.

PLANS FOR GREAT STRIKE.

Reported the New Movement Will Be Headed by Debs.

New York, May 2.—The friends of Eugene V. Debs, who was a candidate for president of the United States on the Socialist-Democratic ticket, announced that he would be president of the new body of trades unions which will be formed in opposition to the American Federation of Labor, of which Samuel Gompers is president.

There is no concealment of the fact that when Debs becomes president he will do his utmost to disrupt the organization of which Gompers is the head. Gompers has no fear of Debs and his followers. He was in the city on his way to Washington and speaking of the new organization, said:

"The Socialists have for their stock in trade talk and denunciations. I am too much occupied to pay attention to what they say about me. My time can be much better employed."

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and $1.00; guaranteed. Trial bottle free.

Detective Submits Evidence.

Birmingham, Ala., May 2.—A special to The News from Jackson, Miss., says that the federal grand jury convened today and went immediately to work investigating the Franklin county whitecap outrages. Indictments by the wholesale, it is said, are expected. A. J. Hoyt, special detective employed by Governor Vardaman, submitted a large amount of documentary evidence to the grand jury and lists of the whitecapers' organization contains more than a thousand members.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Cortelyou May Be President.

Washington, May 2.—It is reported here that Postmaster General Cortelyou has been agreed upon for president of the Equitable Life Assurance Society of the United States, as a compromise between President Alexander, of that society, and first Vice President Hyde. This arrangement is said to have been brought about by United States Senator Knox and Henry C. Frick, chairmen of the executive committee of the society. Mr. Cortelyou declines to discuss the matter.

Engineer Killed In Wreck.

Ottumwa, Iowa, May 2.—The Chicago, Milwaukee and St. Paul southwest limited was wrecked here today. Engineer Harry Dykes was killed and Fireman Warren injured. The engine climbed the rail on a curve and was ditched with two sleeping cars derailed. No passengers were hurt.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. W. McCollum & Co.

Ayer's Hair Vigor. Gives to gray hair all that soft, dark, rich color so natural to early life. Checks falling hair; keeps the hair soft and smooth, and prevents splitting at the ends. J. C. Ayer Co.

Motherhood

MOTHERHOOD is the reward nature bestows upon healthy womanhood. Women whose vitality has been sapped by disease cannot safely give birth to children. In pregnancy and in childbirth weakness of the mother is revealed in the pain and agony she suffers.

This great medicine drives out every vestige of inflammation and weakness, and gives tone and strength to the delicate organs which mature the child. The pains of pregnancy are banished by Wine of Cardui, and miscarriages, which blast so many fond mother's hopes, are prevented. Flooding, which so often occurs after childbirth, is corrected when Wine of Cardui is used during pregnancy.

Wine of Cardui babies are healthy babies, because, during the months of pregnancy, the mother is able to give them necessary vitality and strength.

With these facts presented to American women no expectant mother should be satisfied without the re-inforcement that Wine of Cardui will give her. Every mother should be able to treat herself in her home with this valuable medicine.

Wine of Cardui can be secured from any druggist at $1.00 a bottle.

Polycarp, N. C., Jan. 11, 1902.

I am the mother of seven children and while in pregnancy with the first six suffered untold misery until they were born. One month before the seventh was born I began to take a bottle of Wine of Cardui, which gave me relief after taking three doses. I used the remainder of the bottle until the birth of the child, and was stouter in three days after the birth than I was in a month after the birth of either of the first six. I am 29 years old.

Greatest Religious Meeting in the History of Milledgeville, Ga.

DR. STROUSE WINS THE CITY

Wonderful Christian Work Accomplished by This Godly Man—Hundreds Testified to Being Blessed. Endorsed by Pastor and People.

The Milledgeville (Ga.) News of Saturday morning, April 22, contains the following interesting account of Dr. Clarence B. Strouse, evangelist, in that city:

The greatest and most successful series of religious services ever known in Milledgeville closes today.

The meetings were arranged under the auspices of the Business Men's Gospel Union of the city and were participated in by all the churches, the Methodist, Baptist and Presbyterian taking a leading part, and these pastors, especially, devoting all their time and talent to the services. For nearly two weeks they were aided and led by Dr. Clarence B. Strouse of Virginia, who proved himself the greatest and most successful evangelist, from every standpoint, who ever visited this city.

Dr. Strouse is comparatively a young man, aged about 35 or 40, of handsome appearance and splendid physique, clean shaven. He has wonderful power as an orator, and impressed our people as they were never impressed before, at least in greater numbers.

The large tent was filled and crowded to its utmost capacity at each service, and great numbers were often turned away.

Dr. Strouse did not hesitate to tell the people, in a clean and forceful way, of their sin and rascality. Great numbers, who thought they were the best kind of Christians, and were living up to the highest standard of morals, were convinced that they were only a big bunch of conceit and had no religion at all—"that they were salt without flavor."

Services were held in the afternoons and evenings, and during the hours at which they were in progress all business was suspended in the city and the business houses closed. By the time Dr. Strouse had preached a few days the people needed no invitation or coaxing to come out to hear him, but flocked out in greater numbers than could be accommodated at the tent.

On last Sunday afternoon Dr. Strouse preached to men only at the tent, while his wife addressed the ladies at the Methodist church. Nearly a thousand, fully eight hundred men, attended the service. In the number were many who never go to church, old men, bad men, indifferent men, all kinds of men. They did not expect such a sermon as they heard—they had never heard anything like it before, and they were converted and confessed their sins in hundreds.

Another sermon to men only was preached Tuesday afternoon and out of about 700 present, there were probably more than a hundred who were not on their feet at the close of the sermon acknowledging blessings and promising to live right in the future. At times almost the entire congregation was in tears. The result was wonderful, almost incredible.

There is no way to estimate the good that has been accomplished. Old enemies are now friends, hatchets are buried, and there is a big change in the city among all classes and denominations.

It was no trouble to raise money to pay the expenses of the meeting, and people contributed liberally and with pleasure.

What has been accomplished in Milledgeville can also be accomplished elsewhere, and we hope every town and city in Georgia will secure the services of Dr. Strouse, and start their people on a better life as soon as practicable. We have heard Talmage, Jones, Moody et al., but none of them are up to the pace set by Dr. Strouse. When 700 or 800 world-hardened men, at the close of a sermon, ask forgiveness for sins and promise to live better from that moment, as was done here, you may feel sure that the spirit of God was present. Nothing like it was ever seen or even imagined in this section. Nearly all the old hatchets are buried and a blind stranger who walked down the streets of our city would hear enough to convince him that our city was greatly improved.

At the meeting at the tent Wednesday morning the congregation, a large one, adopted the following resolution which was offered by the pastors of the city:

"For the past two weeks our city has had a wonderful spiritual awakening. The results accomplished have gladdened the hearts of all Christian people and made countless homes happier. The religion of Our Saviour is a definitely pervasive element on our streets now and in our places of business. Church members of all denominations have received a very gracious renewal of spirit. Multitudes of our men have either accepted salvation for the first time or renewed their sundered vows. Estrangements and enmities, some of them of years' standing, have been healed. Large numbers of unconverted have been gloriously saved, while many others are laboring under deep conviction."

The Business Men's Gospel Union, under whose auspices this meeting has been held, and the Christian people of this entire city and community, in meeting assembled, being fully conscious of the foregoing facts, heartily and unanimously put on record the following resolutions:

1. "We are profoundly grateful to God for the results He has accomplished through His servant, Dr. Clarence B. Strouse. We shall ever cherish the memory of the unparalleled spectacles witnessed under this tent, and especially the dynamic and effective services for men on last Sabbath and Tuesday, when hundreds of men gave their lives to God in a full surrender.

2. "We shall never cease to be thankful to Dr. Strouse for giving himself without stint to this great work in behalf of our community. We feel that God has used the personality and appeals of His servant for the accomplishment of the mighty results that we have seen. We believe that no man who has labored here has so impressed his message on the hearts of all classes as has Dr. Strouse.

"The preaching of Dr. Strouse has been in the demonstration of the Spirit and with power. He is solid and sound. The emotion he evokes is based on conviction. We believe the results accomplished, therefore, will be permanent.

"We sensibly appreciate the very valuable services rendered by Mrs. Strouse, both in singing and leading two large and uplifting services for women.

"We shall follow both Dr. and Mrs. Strouse with our love and prayers wherever they go. We beseech the God of the Covenant that He may give His presence and power to Brother Strouse in ever increasing measure.

3. "A copy of these resolutions shall be given Dr. Strouse and a copy furnished our city papers."

Dr. Strouse was present at the reading of the resolutions and expressed his gratitude therefor and pleasure in being in Milledgeville, continuing his remarks into what proved to be one of his finest addresses before concluding, after which hundreds stood up and testified that they had been blessed, and would live a Christian life henceforth.

Dr. Strouse continued the meeting right up to the limit of his time before catching the 11:30 Central train. He goes from here to Helena, Ark., where he will take charge of a meeting next week similar to the one in Milledgeville.

At the close of the service announcement was made that the meeting would be continued until Sunday by the local pastors in order to gather the harvest and take into the several churches the great numbers who had professed religion and are applying for membership.

It was a sad scene when Dr. Strouse left. Our people had known him but a few days, but they felt that they were parting with their best friend, because he had been instrumental in bringing to many of them a happiness unknown to them before.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

LEGISLATIVE NOTES.

The object of Senator Faulkner's bill introduced Saturday, to amend the law relative to the assessment and collection of revenue, is to provide for separate assessment of land and timber where owner of land has sold the turpentine and timber privileges. This measure was referred to the committee on agriculture, at the request of the Senator, who considers the bill one of advantage to the agriculturist or owner of the land, who, under the operation of the present law, is assessed value, regardless of the sale of timber or turpentine rights.

The Florida Bureau of Secret Service will soon have a bill before the Legislature, entitled "An act to provide for the appointment of detectives, define their duties and provide for their compensation." The bill gives the Governor the power to appoint one or more detectives to perform detective service in apprehension, prevention and punishment of crime in this State, and such service may continue not to exceed four years.

The preamble of Mr. Watson's forestry bill is as follows: "Whereas, The growing scarcity of timber makes it important that the subject of forestry should receive the systematic attention and scientific instruction to which its value entitles it, to the end that the present supply of timber may be conserved and provisions made for future use."

A LAUDABLE MOVEMENT.

An interesting incident at the W. C. T. U. convention here this week was the introduction of a resolution by Mrs. John E. Futch of Gainesville, which was unanimously indorsed by the convention, to the effect that the Legislature appropriate funds for an industrial school for girls, which is to be added to the East Florida Seminary in Gainesville.

Nothing has been done for the girls in Florida in equipping them for home duties. Business schools are plentiful, but the one sphere for which woman is particularly fitted, that of home work, has been lamentably neglected.

A strong appeal is to be made to the Legislature for assistance in this matter, and The Metropolis hopes that the Legislature will grant the modest request made on behalf of the future home-makers of Florida.

The proposed plan is to add this department to the East Florida Seminary at Gainesville, and such a move, The Metropolis believes, will meet with public indorsement throughout the State. Help the movement out.—Jacksonville Metropolis.

There is no great loss without some small gain. The war in the Far East has cost many lives and much treasure, but the world has gained quite a lot of knowledge of geography," says The Pensacola News, but the trouble is we don't know how to pronounce the pesky names.

The dry weather has had a bad effect on the turpentine farmers, and the flow of pitch from the trees has been diminished nearly one-half.

COLLEGE TRUSTEE BILL.

The substitute offered by Mr. Rawls of Leon to Mr. Wall's college trustee bill is as follows:

"A bill to be entitled an act to provide for the control, management and maintenance of certain educational institutions of the State of Florida, and to create a board of uniformity for State educational institutions.

"Be it Enacted by the Legislature of the State of Florida:

"Section 1. That the institutions for higher education in the State of Florida, known as the University of Florida, located at Lake City; the Florida State College, located at Tallahassee; the East Florida Seminary, located at Gainesville; the South Florida Military College, located at Bartow; the State Normal School, located at DeFuniak Springs, and the St. Petersburg Normal and Industrial School, located at St. Petersburg, shall continue as they now are, to be under the immediate practical control and management of boards of trustees, to be appointed by the Governor and confirmed by the Senate.

"Section 2. That there shall be and is hereby constituted and created a board of uniformity of two members of each of the board of trustees of the State schools mentioned in Section 1 of this act.

"Sec. 3. That it shall be the duty of each of the several boards of trustees of the said named schools, at their first regular meeting after the passage of this act, to elect two of its members who shall be members of the State board of uniformity, and who shall serve on said board until the expiration of their respective terms of office, or until their successors are duly elected and qualified. Thereafter each of the said several boards of trustees shall fill any vacancy it may have upon said board of uniformity as soon as practicable. It shall be the duty of said board of uniformity at a meeting to be held by said board, not less than ninety days prior to the convening of the Legislature of Florida, in regular session, to consider the financial requirements and needs of the several State institutions referred to in this act, and prepare a budget of current expenses for each of the several State institutions for the next succeeding two years and to provide for each of said institutions a separate budget for any buildings, additions, repairs, etc., as in their opinions the said several institutions may require, which said budget shall be submitted not less than sixty days prior to the convening of the Legislature in regular session, to the State Board of Education, and it shall be the duty of said Board of Education to consider said report and budget submitted by the said report of uniformity and transmit said budget to the Legislature with its recommendations relative to said financial requirements of the said institutions, as suggested by the said board of uniformity.

"Sec. 4. That all laws and parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

"Sec. 5. This act shall be of full force and effect from and after its passage and approval by the Governor."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

If the people of the South would only take to wearing more cotton goods, such as cottonades and jeans, there would be a great demand for cotton. There is nothing looks any better than the old jeans garments, and for comfort and wear they are hard to beat. DR. KELLEY ON SCHOOL QUESTION

Has Returned From Recent Inspection in West End.

SOME ARE GOOD, OTHERS NOT

The Superintendent Gives Reasons Why a School May or May Not be Prosperous—The Fault of Patron or Teacher, or Sometimes Both.

Dr. J. L. Kelley, Superintendent of Public Instruction of Alachua county, has just completed a tour of inspection of a number of the schools in the West End. He also visited the schools at Alachua, Micanopy and Hawthorn.

Dr. Kelley states that he found some schools in excellent condition, some "just medium," and some at a very low ebb of efficiency and discipline.

"I regret to report this state of affairs," remarked the Superintendent. "I would much prefer to say that all schools were flourishing, but if I did I would be misrepresenting conditions.

"There are several reasons why schools flourish and why they do not flourish. In a flourishing school you will always find the teacher a hard, earnest, conscientious but clever worker. He is a good disciplinarian, and the children learn to respect and obey him. On the other hand, a school that is not prosperous is entitled to a reason. It may be the fault or negligence of the teacher or it may be the indifference patrons of schools have in sending their children to the schoolhouse regularly. It may be both. When a teacher observes, however, that the patrons of the school are indifferent, it is likely to make him indifferent also.

Trustees and Patrons Negligent.

"It is lamentable to note that patrons and trustees as a rule do not visit the schools regularly, which has a tendency to demoralize both the instructors and the pupils. I trust they will begin to realize the importance of their duty in this direction after a while and perform it.

"A number of schools are very well disciplined, while others have no discipline at all. From this date on the Board of Public Instruction proposes to demand discipline in all schools."

Majority of Schools Closed.

All schools in the county with the exception of ten or twelve have been closed. The remainder will close the latter part of May. The schools at Dutton and Brown, however, will run until the latter part of June, having only recently been established.

Several summer schools will be established in the West End. These schools will begin in July, and will continue about two months.

Many special tax districts have been enlarged and others will be instituted, which is evidence that the special tax district is a great benefit to education.

Board Has Money.

For the past eighteen months the Board of Public Instruction has been compelled, in order to pay off the teachers and enable them to receive full value for services, to add three per cent to warrants, providing for the discount to which they have been subjected. The board is now in better shape financially, and will not add discounts for the present, warrants being worth their face value. The Board at its meeting Tuesday retired a considerable number of school warrants anti-dating July, 1903.

Herbine

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless, and should you be a sufferer from disease, you will use it if you are wise. R. N. Andrews, editor and manager Cocoa and Rockledge News, Cocoa, Fla., writes: "I have used your Herbine in my family, and find it a most excellent medicine. Its effects upon myself have been a marked benefit. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

DIED TO SAVE BROTHER.

Philadelphia Boy Killed by Engine in Act of Saving His Brother.

Philadelphia, May 2.—Edward Hendrickson, 11 years old, of No. 121 [illegible] tan street, sacrificed his life under the wheels of a locomotive to save his 8-year-old brother, Gilbert, from injury. The boys were walking along the Baltimore and Ohio railroad tracks at Stonehouse lane and Wecacoe avenue when the younger brother stepped to another track in front of an approaching train.

Edward quickly realized his brother's danger. He jumped toward him pushing him down a small embankment. The locomotive struck Edward and the wheels passed over his body.

When the engineer stopped the train and the crew ran back, they found Gilbert bending over the mangled body of his older brother. He had been instantly killed.

If the Baby is Cutting Teeth

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Buy Good Luck Baking Powder. In so doing you get the *most* of the *purest* baking powder at the *smallest cost*. Furthermore, if you will save the coupons that you will find plainly printed *on the label* of each can, you can get the beautiful premiums we are now offering. Cut out these coupons. They are valuable. It takes but a few of them to obtain some of the numerous useful gifts on the premium list.

A little book inside of every can explains all about the premiums. It shows a picture of each gift and tells just how many coupons are required to get them. Don't fail to save the coupons. Take a delight in your baking and secure some of the charming premiums.

GOOD LUCK Baking Powder

was established in 1892. The sales have so increased to date, that to-day we are shipping Good Luck Baking Powder in carload lots to every section of the country. The cause of this enormous popularity is plain. In Good Luck, housekeepers get not only a positively pure baking powder of great leavening force, but at a price a little less than they have been accustomed to pay for some other kind that was not as satisfactory in results.

When buying Good Luck think of its *purity* and consider the *good results* obtained from its use. Remember every Good Luck coupon counts for a present. If your grocer doesn't keep Good Luck, send us his name and we will see that you are supplied.

IMPORTANT MEETING OF CITY COUNCIL

City Will Install Meters for Water Consumers.

MAYOR THOMAS' MESSAGE

It Was a Most Comprehensive Document, Broad and Liberal in Its Views. Official City Directory—Appointment of Standing Committees.

The regular monthly meeting of the City Council was held Monday evening. There were present: Alderman Broome, president; Aldermen Benson, O'Neill, Cushman, Wittstock, Hodges, Taylor and Clerk Dell.

The meeting being called to order, the minutes of the last regular and special meetings were read and approved.

Mayor Thomas' Message.

The message of His Honor Mayor W. R. Thomas was read to the council by Clerk Dell. It was a lengthy and able argument, and contained many wise recommendations and progressive suggestions. The council heard the reading with great interest, and at its conclusion it was filed for information. The mayor was complimented on the document, which is probably the most comprehensive one of the kind ever filed in this municipality.

Water Meters Purchased.

The special committee on water meters made its report, stating that, after thorough investigation, the committee deemed the Empire meter the best adapted for the purpose. The report of the committee was received, and a motion prevailed that the city purchase 200 meters, 100 for immediate shipment, 100 to be shipped upon demand within the next sixty days. The cost of these meters will approximate about $2,000.

Reports of the marshal, $117.50, and collector, $989.20, were received and ordered filed.

All bills properly approved were ordered paid.

New Telephone Franchise.

The ordinance granting the East Florida Telephone Company a franchise to construct and operate a telephone system within the city was placed upon its second reading, and after a few amendments was passed. Upon motion the rules were waived, the bill placed upon its third and final reading, and passed.

Official City Directory.

Jesse E. Burtz, compiler of the Gainesville City Directory, presented a communication, accompanied by a "dummy" of the work, and asked that this directory, by resolution, be adopted by this council as the Official City Directory of Gainesville. Without hesitancy the council granted this request, the following resolution by Alderman Hodges being unanimously passed: "Resolved, That Jesse E. Burtz's Directory of the City of Gainesville be and by this resolution is hereby officially endorsed by this council."

Scarcity of Water.

Realizing the scarcity of water in the reservoir, Alderman Hodges moved that the water committee be requested to investigate the matter of increasing the supply, to ascertain the cost of increasing, with the probable amount of increase, said committee to report to council. This motion received a hearty second, and was carried.

To Regulate Water Users.

The committee on water supply introduced a resolution regulating the use of water by consumers, which was received.

Appointment of Committees.

President Broome announced the following standing committees for the ensuing year:

Finance—Broome, Wittstock, O'Neill.

Appropriations — O'Neill, Broome, Wittstock.

Sanitation — Wittstock, Hodges, O'Neill.

Waterworks and Water Supply—Benson, O'Neill, Hodges.

Streets and Parks—Taylor, Cushman, Hodges.

Lights—O'Neill, Cushman, Taylor.

Laws and Ordinances—Hodges, Taylor, Benson.

Elections—Wittstock, O'Neill, Cushman.

Fires and Insurance—Cushman, Taylor, O'Neill.

Immigration and Improvements—Hodges, Cushman, O'Neill.

Printing—Taylor, Hodges, Wittstock.

Claims—Wittstock, Cushman, Benson.

Rules—Broome, Benson, Hodges.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

JAPS DOUBT FRANCE'S WORD.

They Believe that Admiral Rojestvensky Continues to Use Their Ports.

Tokio, May 2.—It is believed that Admiral Rojestvensky continues to use the ports of Indo China for the purpose of obtaining coal and other supplies, and for maintaining communication with St. Petersburg and the Japanese press is again doubting the faith of the purposes of the French.

The government here is silent, but it is believed the ministers are preparing to renew the neutrality question with France.

Squadron Off Port Dayet.

Saigon, French Cochin China, May 2. The Russian squadron is lying off Port Dayet, 40 miles north of Kamranh bay, and in Biuhkeng bay (near Kamranh bay) outside of territorial waters. Russian, German and British transports are off Cape St. James, near Saigon and in the Saigon river.

The French naval division has been mobilized to preserve neutrality in the French waters.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebannon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Sold by J. W. McCollum & Co.

Rivers Receding in Texas.

Waco, Tex., May 2.—All rivers and creeks of central Texas which were smollen by the heavy rain Saturday are today fast receding, although considerable bottom lands are overflowed. There was some damage done to early cotton. The Brazos river reached 31 feet here last night but is falling today and indications for a further overflow are slight as the weather is clear and cool.

A World Wide Reputation.

White Cream Vermifuge has achieved a world wide reputation as being the best of all worm destroyers, and for its tonic influence on weak and unthrifty children, as it neutralizes the acidity or sourness of the stomach, improves their digestion, and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

The Catholics of Lakeland will erect a $1,500 chapel.

Some mean scamp pulled up 100 fine watermelon vines for C. E. Davis near Miami.

The private bank at Perry will soon be converted and known as the First National.

The Apalachico'a Northern Railway will be extended to St. Joseph, which has 25 feet of water in its harbor.

W. B. Keith, near Dade City, has harvested the finest crop of ten acres of oats ever raised in Pasco county.

Zolfo, DeSoto county, has shipped 4,608 crates of beans, potatoes, squash, peas, etc., this season up to April 26.

Wm. Crouch of Punta Gorda wants his prize money won at the last Tampa fair before he will take any stock in the new one.

Tampa has a broom factory and the handles are said to be made of a substantial wood that has a great influence over refractory husbands.

Simon Hoagland of Astor has been granted a patent on a railway crosstie, and Theophilus W. Moore of Leesburg a patent on a rotary engine.

Punta Gorda has sunk an artesian well that has a flow of five gallons a minute. The water is pronounced as good as can be found anywhere in the State.

The total number of boxes of oranges shipped from Zolfo this season up to last Wednesday, April 26, was 90,802 —or 17,871 boxes more than were shipped last season.

G. T. Longmo, who was arrested at Graceville, Jackson county, on a charge of assault and robbery, was found guilty of assault and battery and embezzlement and fined $150.

To most people all mosquitos look alike, but Dr. Byrd of Kissimmee, in a paper before the State Medical Association, says that some of the Florida skeeters are "beautifully marked." So are some of the people they feast upon.

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCollum & Co.

John Doe X His Mark

A man's mark is his honor. It stands for him and he stands for it. It's the old Saxon way of signifying good intentions.

The right to be protected in the exclusive use of a trade mark has been long recognized by the common law and enforced by the chancery courts of England and this country.

The Government puts its mark on a bond to give it value.

The National Biscuit Company puts its trade mark in red and white on each end of a package of biscuit, crackers and wafers to distinguish these products and to guarantee the quality, and *it does*.

To more clearly comprehend the real value of this trade mark, try packages of BUTTER THIN BISCUIT and LEMON SNAPS.

EXPECT 25,000 IMMIGRANTS.

Officials at Ellis Island Making Arrangements to Handle Them.

New York, May 2.—On 22 steamships to arrive in this port this week from Great Britain and the continent is the biggest crowd of immigrants ever scheduled to enter during such a period of time. The horde numbers nearly 25,000. At Ellis island arrangements have been made for their prompt handling because the detention of any part would at once tax the facilities of the immigration station far beyond its limits.

Figures for the week that has just closed were close to 22,000 showing that the rush has kept up for a longer period than ever before, and it is likely that the total immigration for the spring will far exceed any previous year.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

Prisoners Guarded by Soldiers.

Birmingham, Ala., May 2.—Harry Smith and Joseph Collier, negroes, charged with the murder of Miss Belle Bloodworth at Decatur last January, were accompanied to Decatur by a detail of soldiers. The trial begins today. The authorities believe both are implicated without a shadow of a doubt, but the prisoners accuse each other of being the principal.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all drug stores.

Cotton Burns in Georgia Town.

Montezuma, Ga., May 2.—Yesterday morning at 3 o'clock the cotton warehouse of Patrick & Meadows was destroyed by fire. About 200 bales of cotton were consumed, but fully insured; no insurance on the warehouse. The salvage will probably reach $500. The cause of the fire is unknown.

Cleared for Action.

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At all drug stores, 25c.

In the Interest of Education.

The citizens of Bell and its surroundings were honored by a visit from Superintendent J. L. Kelley on Thursday, April 27th.

He visited the common school west of Bell in the afternoon, and seemed very much pleased with the progress of the work.

In the evening he delivered an address at the Bell school house on the subject of the various grades of school. The house was beautifully decorated and a large crowd attended. He strongly impressed upon the people the importance of an education. We feel that we have an honest, upright superintendent, who will do all he can for us, so let us help him all we can.

We hope it will not be long before he will visit us again, as he made many friends while here. CITIZEN.

A Campville Marriage.

Campville, May 1.—The home of Mrs. H. A. Bailey was the scene of a happy marriage Wednesday evening, April 26, the contracting parties being J. R. Bachlott and Miss Helen D. Bailey. The ceremony was performed by Mr. Sistrunk in the beautifully decorated parlor.

The bride wore white chiffon and ribbons, carrying a large bouquet of roses in her hand. The groom looked his best in a conventional black suit.

After the ceremony and congratulations ice cream and cake were served.

There were only the relatives and a few intimate friends of the family present. After an hour's social chat, all left the newly married couple, wishing them much happiness.

Do You Burn Oil or Lightning?

If you use lightning then we can't interest you, but if you use Oil we have got what you want. We have succeeded in getting something new in the way of an oil can. It is a 5-gallon oil can and has no faucet, so there is no place for the oil to leak out at. The can has a first-class pump, and you can fill your lamps without soiling your hands or wasting a drop of oil. It is the best and most perfect oil can we have ever seen. They go as long as they last at $1.49

We only have a limited quantity. If you need a Can, come early.

SENATOR CREWS WAS PLEASED

Was Deeply Impressed With Efficiency of E. F. S.

LARGER QUARTERS ARE NEEDED

The Senator From Bradford Was Conducted Through Various Departments of the Seminary, and Witnessed Exhibition Drill of Battalion.

Among the prominent visitors to this city Monday was Hon. J. B. Crews of Lake Butler, State Senator from Bradford county, who spent several hours here. Senator Crews was en route to South Florida on a tour of inspection of the convict camps, a duty assigned him as one of the committee from the Legislature.

While here Senator Crews visited East Florida Seminary, and was received cordially by Superintendent Jere M. Pound and the faculty. Superintendent Pound took great pleasure in showing him through the various departments of the institution, and incidentally called his attention to the dilapidated, as well as congested, condition of some of the buildings. During the morning the battalion of cadets gave an exhibition drill, so that the Senator might observe the work being accomplished by the college in the military branch.

"I must confess that I am well pleased with the college—that is, the college work. It appears to me so thoroughly efficient, and the discipline is admirable. I note the cramped condition of the grounds for drilling and the buildings, and realize the necessity of removing the institution to some other location in the city, where ample accommodation for military maneuvers and new and modern and commodious buildings could be secured. I hope when the distinguished gentlemen composing the committee from the Legislature comes to visit and inspect the school they will go over the matter thoroughly, which I feel sure will result in a recommendation favorable to these things."

Senator Crews departed in the afternoon for the South.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. R. Byrnes, merchant, Doversville, Texas. 25c, 50c and $1. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.
